Dimensions:	głowica 73 × 54 × 38 mm; koszyk na baterie 82 × 52 × 28 mm
Light Distance:	190 m
Power supply:	3 x AA
Light source:	Luxeon® T White LED
:	198

### Product description

The Camo is a choosy camper's capable companion with its choice of a flood beam to illuminate the whole campground or a spot beam to traverse the most treacherous trails. The adjustable head aims the Camo's 300 lms up to 190 meters. A red LED in the Camo's battery case makes your presence known to fellow travelers behind you. The Camo doesn't hide from dust, dirt, mud and rain with an IPX4 water resistant rating and impact proof for a meter drop. 3 x AA batteries power the Camo for up to 6 days.
