

Lightweight battery headlamp Photon with cold and warm light

Product code: AHL0011

Specification:

Batteries included:	✓
Safety lock:	✓
Operation time:	Cree 100% 2h, 10% 8h; Nichia 100% 3h 48min, 10% 20h
Color of emitted light:	Cree cold white, Nichia warm white
Material:	plastic
Light output:	Cree 90 lm/ , Nichia 23 lm
Series:	Adventure Line
Operation modes:	ADS Tech. 100-10%
Weight:	54 g
Waterproof:	IPX4
Shockproof:	1m
Dimensions:	60 × 35 × 25 mm
Light Distance:	78 m
Power supply:	1 × AA
Light source:	Cree® XP-E2 LED + 2 × 5mm Nichia® LED
:	54

Product description

The phenomenal Photon is light years ahead for compactness and performance. Its small size hosts giant features, including dual diodes for both a 90 lm spot beam and an anti-glare warm LED, Switch-Lock function to prevent battery drain and our “Advanced Dimming System” (ADS) for smooth brightness control. Powered by a single AA battery, the water resistant and shock proof Photon is fabulous.
